IZHAR ALI
SOFTWARE ENGINEER

PROFESSIONAL SUMMARY

Software Engineer with extensive experience in developing web applications, solving differential equations, linear algebra, and database management. Proficient in Agile methodologies, driving innovative solutions and ensuring project efficiency. Committed to leveraging advanced technical skills to foster cutting-edge development and continuous improvement.

SKILLS

Web Developer

- Backend Development (Python, Node.js)
- Database Management (MySQL, PostgreSQL, MongoDB)
- Frontend Development (ReactJS, Redux, JavaScript, Bootstrap, Tailwind, Materialize, HTML, CSS)
- Soft Skills: Team player, time for action, deliver results

PROJECTS

Web Developer - Personal Projects

- **E-commerce Website**
 - Develop a full-featured e-commerce site with RESTful APIs, enhancing user and admin functionality, improving user experience, and managing the marketing data flow.
 - Implement RESTful APIs to handle queries, ensuring efficient data management and seamless user interactions.
 - Achieve measurable improvements in site performance and user engagement through innovative solutions.
- **Digital Marketing Website**
 - Developed a digital marketing website using React and Tailwind CSS, enhancing user engagement.
 - Implemented GSAP animations, resulting in a visually dynamic and interactive user experience.
- **Weather App**
 - Develop front-end using ReactJS, integrate weather API, enhance user experience, ensure real-time updates.

EDUCATION

2023-2024 - 2023
Bachelor's Degree in Software Engineering, National University Of Science And Technology - Islamabad, Pakistan

COURSEWORK

- Developing Web Apps **★★★★**
- Linear Algebra **★★★★**
- Differential Equations **★★★★**
- Database Management **★★★★**
- Agile Methodologies

INTERESTS

- Traveling, Fitness, chess, Self-improvement
